Mobile Connecting Units - MoD Ref: 50459

Details

Large quantity available of mobile connecting units. The units have been built to a high quality and can be used for many different applications. Built in 2020/2021 specifically for medical purposes, each set comprises 3 individual cabins that link together to provide nearly 500 sqft of internal area.

Built on tandem axle fast two trailers the units are incredibly easy to manoeuvre and deploy. The interlinking doors gives a good separation between office space and treatment rooms where necessary.

Deployed ready in minutes

The cabins can easily transported and deployed each cabin also has lifting eyes for transport by crane. The cabins are VCA and HSE compliant, complete with emergency brakes and vehicle rear lighting.

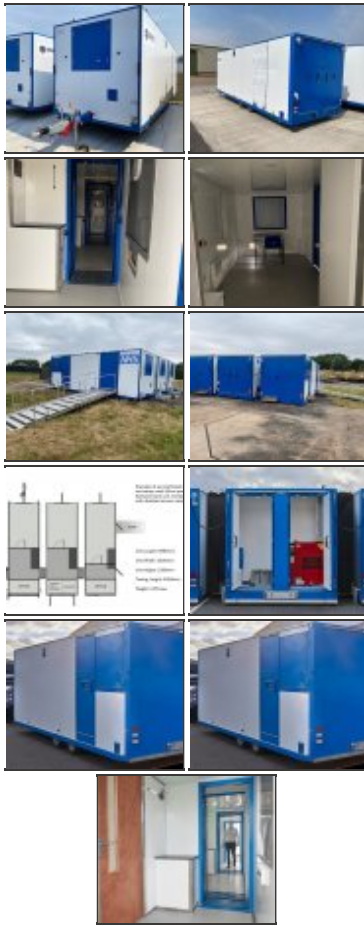

Once the cabins have been placed in their desired location they can be auto levelled using the in built hydraulic jacking system.

Power & Efficiency

The cabins can be powered by an external 9 pin 240v power input. With a highly efficient electrical system designed for the lowest levels of energy consumption.

Each set of three cabins is complete with a 7 KVA Redbox infinity generator with 2000 hr service intervals.

If the cabins main power source was to fail, this is recognised by the Victron battery charger and the generator will automatically start.

CATEGORY	Miscellaneous
MANUFACTURER	For the NHS
L x W x H	6.90m x 2.30m x 2.30m
